S.H.A.P.E. Your Life

A comprehensive alternative to health insurance

SYL

S.H.A.P.E. Your Life

A Subsidiary of **cahn**.

This program by design is to meet the needs of many employers that have a desire to provide medical provisions for their employees but are hindered by cost associated with conventional insurance plans. The S.H.A.P.E. Your Life (SYL) program will address this need and provide a solution for you and your employees.

S.H.A.P.E. Your Life is the premier vehicle allowing the uninsured populace, and responsibly-minded employers, shared “peace of mind” that health care is not a heavy concern for your employees which faces so many Americans today.

Employers will see increased productivity and employee loyalty to a company that provides these amenities. Allow our staff an opportunity to introduce our medical, dental and other services available for your employees through our network.

Capital Area Health Network is a non-profit organization dedicated to providing high quality, accessible, and culturally responsive healthcare services in order to improve the healthy status for residents of metropolitan Richmond. We believe that all people deserve the best healthcare possible. Residents should never be denied the care they need because of who they are, where they live, or how much money they make.

Our network provides primary medical, dental, mental health, and HIV/AIDS care. We offer patient education, specialty referrals, and social services support. The top six medical conditions treated include hypertension, diabetes, depression, asthma, HIV/AIDS, and heart disease. Headed by Wayne Williams, of our Business Development Department, we are committed to ensuring your satisfaction with our services.

The CAHN Network continues to expand. The following are medical centers currently available to you:

Vernon J. Harris Medical Center,
The Vernon J. Harris Medical Center is located in Richmond's historic Church Hill.

Main Street Medical Center,
The Main Street Medical Center is in the Shockoe Bottom District.

Northside Medical Center,
Northside Medical Center is in the heart of Brookland Park.

Glenwood Medical Center
anticipated opening 2008.

Medical and social workers are on-site at the Vernon J. Harris Medical Center to assist patients with financial issues and to make referrals. We're proud of the many ways we can help our patients.

- Financial assistance
- Counseling referrals
- Women's wellness issues
- VCC financial screening
- Emergency shelter referrals
- Medical supply assistance
- FAMIS applications (Medicaid for children)
- Children and adult abuse referrals
- Special services referrals

Facts:

- Small businesses are the fabric of our communities
- Health access is pertinent to the family and an integral part of the success of small business' success
- One in Four workers earn 18,000.00 a year or less with few if any health benefits
- The Greater Richmond Region has approximately 7300 small companies providing jobs to over 157,000 residents
- 34,000 find themselves without health care coverage
- CAHN centers are providers of affordable medical access.
